

Customer information on the RoHS Directive 2011/65/EU of the European Union

General information

All DURAG GmbH products are developed and manufactured in accordance with the applicable regulations. To the best of our current knowledge, the products we supply to you do not contain any substances that are prohibited from being placed on the market.

We continuously check and pay attention with great care that none of our products violate the respective applicable law.

RoHS Directive 2011/65/EU ("RoHS 2") and extension of restricted substances by Directive 2015/863 ("RoHS 3")

All products of DURAG GmbH are developed and manufactured according to the applicable regulations.

DURAG GmbH has been developing all new products fully RoHS compliant since RoHS Directive 2011/65/EU came into force, thus actively driving the transition to RoHS compliance from the very beginning.

DURAG GmbH products are classified in category 9 (industrial monitoring and control instruments) and category 11 (other electrical and electronic equipment).

The conversion of all DURAG products that fall within the scope of the RoHS Directive has been completed on time. Thus, none of the products we supply to you contain substances that may not be placed on the market according to the RoHS Directive 2011/65/EU and the Delegated Directive EU 2015/863. This information is based on information from third parties and a risk-based testing procedure.

DURAG GmbH has implemented processes to ensure compliance with the legal obligations on substance restriction according to the European RoHS Directive 2011/65/EU. This process fulfills the requirements of the harmonized standard IEC 63000.

DURAG GMBH

Kollastraße 105 | 22453 Hamburg, Deutschland | Tel. +49 40 554218-0 | Fax +49 40 584154 | info@durag.com
